

Indian Talent Olympiad has introduced the Online Olympiad Exams along with the Offline Exam option. We have provided two slots of Exam Dates from which schools and students can choose any one slot according to their Academic Schedule.

Indian Talent Olympiad has entered its Tenth year of National Indian Talent Olympiad Examinations. We identified as NATION'S BIGGEST INDIAN TALENT OLYMPIAD. Till date, 1 Crore+ students have enrolled & over 33,175 schools have participated in the National Indian Talent Olympiad. Indian Talent Olympiad has become one of the fastest-growing events amongst the students and academic fraternity. We are currently conducting International Science Olympiad (ISO), International Maths Olympiad (IMO), English International Olympiad (EIO), General Knowledge International Olympiad (GKIO), International Computer Olympiad (ICO), International Drawing Olympiad (IDO), National Essay Olympiad (NESO), National Social Studies Olympiad (NSSO).

This year, we're awarding **Top Performing National Level & State Level students with Huge Cash prizes, Laptops, Tablets & Excellence Awards which sums up to Rs. 5 Crore.** Moreover, we will identify the school-Level Toppers and reward them with **Special Recognitions** and many other **Exciting Prizes** at all levels.

Participation of your school students in the Olympiad Exams help students improve their academic performance & measure their knowledge level & exam readiness with other students across the country. We've ensured that every participant is motivated to excel in their respective fields and academics. This is a great service to the nation that your school & Indian Talent Olympiad are providing through this association. We hope that all schools and students will grab this opportunity and participate in the Indian Talent Olympiad, thereby utilizing this unique platform to earn special recognition.

Olympiad tests are conducted by numerous organizations. The Indian Talent Olympiad is one of these organizations. Because Indian Talent Olympiad (ITO) acknowledge that kids have a variety of interests and demands, their tests are among the most well-known Olympiad exams in India. As a result, it provides students with access to a diverse selection of Olympiads. The Indian Talent Olympiad also emphasises providing students with access to a wide range of advantageous educational materials that are crucial and connected to their selected areas of interest. These tools include, among many others, online homework assignments, scoreboards, paper compilation books, collections of example test questions, and video lectures. With the assistance of professionals and educators with skills in creating materials and exam questions, to ensure that the educational impact is maximised and the student gains the most from the learning process, experts in the relevant fields are teamed up. ITO tailor's resources to meet student's needs regardless of their educational boards, taking into account their classes, regular academic schedules, and level of understanding. The only focus is on putting the students' understanding of the subject to evaluation and assisting them in developing a thorough knowledge of practicalities associated with the subject and its suitable application of it in various fields.

**The following Olympics are provided by ITO:**

International Science Olympiad (ISO)

International Maths Olympiad (IMO)
